As a passionate Full Stack Developer with a deep interest in data and a strong command of Django, I am dedicated to constant progress. My main pursuit involves mastering Python and its versatile tools, applying them practically to solve real-world problems. Having crafted various Python programs, especially within Django, I've solidified my language proficiency. Moreover, I have a keen affinity and expertise in web scraping.

Experience

Kinu Tech Pvt. Ltd

Junior Fullstack Developer

2023 March - 2024 Feb
